Yesterday, the former pastor of Trinity Baptist Church was arrested on criminal allegations. The church has taken further steps to address this issue. At this time, the Pastor, Deacons, and General Counsel have hired independent attorneys to investigate this matter further and make recommendations to the church. These attorneys have special expertise in the legal issues involved and are fully informed of the spiritual mission of Trinity Baptist Church.

The leadership of Trinity Baptist Church wants the truth to be ascertained and to become fully known. The church is completely committed to continuing its mission of spreading the Gospel of Christ to the Jacksonville community.
